

An Experience in Outdoor Learning

An Outdoor Day Camp

Summer Discovery

To register, contact

Chriss O'Lare, Director
Email: colare@outlook.com
Phone: 412.369.4574

Find Registration Form and Information at Little Sewickley Creek Watershed Association's website: lscwatershed.org

What is Summer Discovery?

Summer Discovery is an outdoor education program with four main goals: 1) increase enthusiasm for learning and discovery; 2) develop community awareness; 3) build a greater appreciation of our wondrous natural world; and 4) foster a sense of individual responsibility for the care and wise use of our natural resources.

What will do we do?

We will take walks in the woods, catch creek critters, hug a tree, talk to the birds, visit Fern Hollow Lake on Friday, hike at night and get a close-up of the stars (one family night each week), and much more!

Who can sign up?

Any student who is *presently* in 3rd, 4th, 5th, or 6th grade (2017-18) is eligible. Spaces are limited but we accept applications until we are full at 24 students per week.

When and Where does it happen?

Week 1: June 18 - 22 OR

Week 2: June 25 - 29

Time: 8:00 AM - 12:00 PM

Monday through Thursday: We will meet at Shelter 4 in Walker Park. Look for our sign along Little Sewickley Creek Road.

Friday: We will meet at Fern Hollow Lake (124 Fern Hollow Road) which is on the left on the way to Bell Acres Recreation Park from Walker Park. Look for our sign.

How much?

The tuition is \$35 per camper. If there is more than one camper per family, the cost is \$50 per family. Please make checks out to Little Sewickley Creek Watershed Association and submit with registration form.

What should I wear?

Dress for the weather as Summer Discovery will happen rain or shine. Shorts and T-shirts are fine as long as it is warm enough. A jacket, sweatshirt, sweatpants, or jeans may be better for cool mornings. A raincoat or poncho and boots would be helpful for a rainy day. (If there is severe weather, it is the parents' decision whether or not to send their child. We will remain under a pavilion during thunder and lightening.)

What should I bring?

sunscreen and insect repellent
water bottle or canteen

sport sandals or old sneakers for the stream
a mid-morning snack

What happens on Wednesday night?

The "Discover the Night" program is held in Sewickley Heights Borough Park off of Fern Hollow Road. Your whole family is invited to look at the night sky through a telescope and take a walk through the woods. We will begin at 8:30 and end by 10:00. (If you cannot attend the program during your week, you can attend the other week.)
